Draft P&O Statement re Resolution for the 2016 Renewal of BSEP

Good Evening Members of the Board, Superintendent, District Staff,

My name is xxxxxx and I am a member of the BSEP Planning and Oversight Committee.

Tonight I will be reviewing and considering adopting the resolution to put the next BSEP measure on the November ballot. It is almost hard to believe that this day has already arrived -- almost as hard to believe as Donald Trump being on that same ballot, but not quite. However, at least when it comes to the adoption of this resolution, the P&O wants you to know how ready and excited we are for the new measure to be taken to the voters of Berkeley for their ultimate endorsement.

It is practically a truism to say that the funds that the last BSEP Measure, Measure A of 2006 have been vital to our schools. It is hard and even painful to envision what our district would be without
